Preface

Dear Masjid Administrators, Imams & Others

Assalamu Alaikum Warahmatullahi Wabarakatuhu!

Alhamdulillah! by the great grace of Allah we all know that today due to the influence of social media, the Islamic awareness and the influence of certain Islamic policy are attracting more and more people towards Islam.

This book crawling in your hand is a testimony as how eagerly Hindus, Christians and Atheists seek to read the Quran.

It will have an impact on other religious people living near our muhalla and masjid too. But due to their shyness of how and whom to ask or our reluctance (how can we go and tell them about Islam and its principles), most of us do not talk to them about **Monatheism, Prophethood and Hereafter Life,** even if we talk to them about other (worldly) things freely. By living like this no one benefits from it.

Inspired by the recent **Dawa Stall** at state exhibition in Chennai and **"Free Qur'an"** Dawa Stalls which are popular in **Street Dawa** by the volunteers, people of other faiths i.e. Hindus, Christians and Atheists who came on their own to learn about Islam and its principles and picked up related books and the Qur'an to read.

Any one can know through this compilation how earnestly they showed interest to learn about Islam to adopt Insha Allah.

We all know that there won't be any messenger after **Prophet Muhammad (pbuh)** and it is out duty to convey the message till the world ends..

Allah, out of mercy to us, made our forefathers embraced

Islam and made them stick to it and brought it to us as well. Alhamdulillah!

Similarly this kind of search would be among the people who are living in the vicinity of our Muhallah/Masjid looking for true God to worship. Therefore, the Administrators and Imams in the Masjid can create a small team and bring this message of monotheism to the people living around the Masjid in two ways.

1 *Book and pamphlets on Islam can be issued to the people (non muslims) who are coming with the child to the Masjid during Fajr and Maghrib Prayers.*

2. *Once a week a Dawah Stall (table) with a board saying* ***"Free Quran"*** *can be put up on the Main Road near the Masjid for at least once a week for 2 hours.*

Contact **88388 92393** for all equipment and books requirements. Inshallah arrangements will be made accordingly.

We must continue to do this work which is our duty. When reading this book, one can understand how people rushed to read this final scripture of **Qur'an** and taken it with interest.

Also, when you read this, you will understand a fact, that is, we did not go and tell anyone the principles of Islam, instead, people are ready to come to the place where we have Dawah Stalls and get the informations of Islam while taking the Quran & books.

The purpose of publishing this collection is to facilitate the availability of books in your masjid for the benefit of Non Muslims in your area.

Because when Allah, the creator of us, says about calling people to worship the creator;

You are the best nation produced [as an example] for mankind. You enjoin what is right and forbid what is wrong and believe in Allāh. ***Quran 3:130***

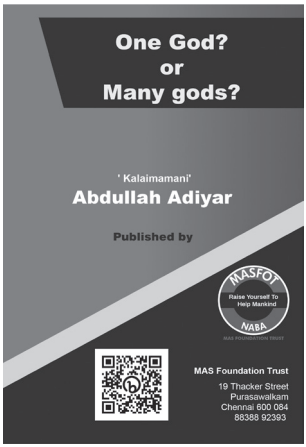

I would like to conclude by inviting all the, **Masjid Administrators** and **Imams** to come forward to do the task of **propagating monotheism** around the Muhallah for which there must be a **Dawa Team in all Masjid** without fail.

I seek the help of Allah to make this book very useful for the people / community and to be a driving force to convey the message of oneness of God to the entire world.

Oh Allah help us!

Oh Allah make it easy for us!

1. Why do you write Allah? That should be written in English as God! - asked Wife of Vasanth

After watching our **"Free Quran"** stall, Sir, I Can't read such big book (Quran), give me something small, said wife of Vasanth.

While explaining to her the principle of **Monotheism** - One God who have created the entire universe and handed over to her as per her request a book titled **"One God? Or Many gods?"**

While flipping the page of the book as we are explaining to her she came up with a question, saying, you said, there is only One God who have created the entire universe but why do you write as **Allah** instaed of 'God'? asked Vasanth wife.

Superb question madam, Let me explain, and I said, Mam, **Allah** is the Arabic word for "God" and the reason for why the Arabic word **"Allah"** is used unanimously for **God** around the world among Muslims means that one **word** reminds us of **the only God.** We further explained that no other word in any other language has that character.

For example, now you stand in the middle of this exhibition crowd and say loudly **"Iraiva!"** into the microphone in Tamil language (as she speaks Tamil language), everyone

who knows Tamil language when they hear the sound would be reminded/recollected in their imagination what their parents told them as god.

In the same way, even if you shout **Oh God** in English through microphone, everyone will look back, but reminded/ recollected the gods their parents told them, but not the only God.

But if you go and stand there and say **Allah** out loudly, what will not come into anyone's mind, is **no form of imagination** and that's why the whole world who follows Monotheistic believe are usung the word **Allah** for the 'only God'.

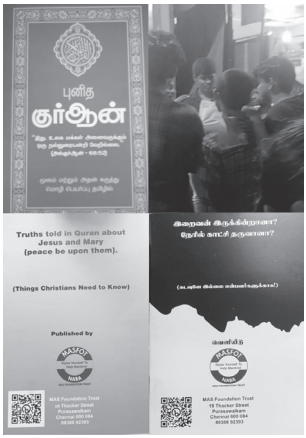

"it's true sir, now I understand" said Vasant's wife!

It was a pleasure hearing from you Sir, we have heard a lot of informative news today on God, this book (One God? or Many gods?) is enough for me to read now and she left with her husband.

Ya Allah! Show the right path to **these people who seek and listen to the message!**

And **grand us to convey the message of oneness of God to each and every one who are away from the truth.**

2. You say, "There is only one God for all", then why you don't allow us (non muslims) to marry a Muslim Girl ? - Sudheer

Good question Sudheer! To answer you, there is a verse in Quran **(Surah Baqarah 2: 221) which says the following;**

And do not marry polytheistic women until they believe.[1] And a believing slave woman is better than a polytheist, even though she might please you. And do not marry polytheistic men [to your women] until they believe. And a believing slave is better than a polytheist, even though he might please you. Those invite [you] to the Fire, but Allāh invites to Paradise and to forgiveness, by His permission. And He makes clear His verses [i.e., ordinances] to the people that perhaps they may remember. ***Quran - 2: 221***

You can freely marry a Muslim Girl of your choise provided you fulfill two basic criteria which **Allah** stipulates in Quran. **1. You (marrying man) must also worship only one God** once you fulfil the first criteria **2. The girl you would like to marry must also express her desire to marry you.**

After hearing the above Sudheer said, **Now I understand Sir!** He immediately acknowledged the prefixed condition to

marry a **Muslim girl.** As soon as Sudheer heard a convincing answer to his question, his friends/others started competing to ask their part..

Ya Allah! Our Lord! Show the right path **to these youngsters who seek and listen to the message!**

Similarly, give the **opportunity for the truth seeking people** to the straight path. in Tamil language (as she speaks Tamil language), everyone.

3. Is there any stipulation that Muslims will get "Paradise" if they "kill" so many people, Sir? Asked Sreeban

Three **well-educated** youths spent a lot of time with us and listened thoroughly to the information on Monotheistic Believe and then jumped into a questions. Every time we hear news of killings involving Muslims, is there anything said in the Quran that if you kill so many people, you will get into Heaven/Paradise, Sir? Sreeban asked!.Sreeban, God commands in the Qur'an exactly opposite of this, look at yourself

> **...whoever kills a soul unless for a soul or for corruption [done] in the land - it is as if he had slain mankind entirely. And whoever saves one - it is as if he had saved mankind entirely.** ***Quran 5:32***

That is, a person who kills a life without justification is equal to killing the entire human society and also we have highlighted all the other Quranic verses explains related to killing.

After hearing all these Sreeban said **It is so clear Sir!** Then why Is this misrepresented in media? Asked Sreeban.

See **Alcohol, drugs, adultery, gambling are all**

forbidden (haram) activities in ISLAM

If the world accepts the Islamic policy of not selling alcohol, liquor, and drugs, the loss will be $2000 billion in drug mafia's business!

These mafias have bought the world media to portray Muslims as terrorists and the media mafia has grown and thrived by feeding on the bones thrown by these mafias.

They marched across the Globe chanting that Islam is terrorism. They nurtured terrorism with this money.

The terrorism created by these mafias is called Islamic terrorism!

ISLAM, which said that killing one is equal to killing all people, became a religion of extremism!

If your eyes and hearts are not blinded by bigotry, open your eyes and open your heart and listen.. How skillfully they have taken you away from the words of your God and how skillfully they have impressed upon your hearts "Islamic Terrorism"!

Got it, Understood it! Sir! Acknowledged Sreeban and said Thank you so much for clearing our doubts and surely myself and my friends will read Quran.

Ya Allah! Our Lord! Show them the right path to **these people who come and hear the news** and accept it from us the efforts.

4. Bansilal searched for "Hindi Quran"

A man came who was around 45 years old and asked, **Hindime Quran Hey?** (Is there Quran in Hindi language?)

The question we usually ask is **"Have you searched for the Quran to read"?** or **After seeing the "Free Quran" board you are just asking for Quran?**

The reply he gave surprised us, he said, I used to watch regularly the Debate in a TV channel between a Hindu Priest & a Moulavi Sahib. At times Mousavi Sahib used to **quote references from Quran & Hadhees** which makes us feel good and very much heart touching / consoling. I used to think that I should get a Quran translation in Hindi to read myself to know more in detail.

So when I saw a Board with **"Free Quran"** titled, it attracted me to come and check but I never thought a **Hindi translated Quran** would be available here, that too in Chennai, Tamilnadu. By the way, My name is Bansilal and Iam living in Tamil Nadu for the last 20 years, he has self introduced himself.

Then we have given an introduction on Islamic Monotheistic believe and about Quran & Hadhees in berief. After hearing it patiently he said, he is very happy to get this Quran and added that since it is such an important book he

would give it to a Muslim friend after he has gone through it completely once.

We have said to him that **once you have start to reading it, you will not give this to anyone else! Because it contains so much valuavle information, you will start believing it to have one for your personal reference for all the time as its messages will attract you!.**

Along with the Quran, we gave him to scan the Hindi QR Code of the book **"Ek Bhagavan Ya Anek Bhagavan"** (One God? or Many gods?) In Hindi and we told him that if you scan and read this book, it will clarify the principle of God, and he has taken it very happily and moved away.

May Allah give perfect reward in both worlds to Moulavi Sahib, who appeared on TV, who made Bansilal interested in reading the Quran, and to all the people who supported in making the Quran available for Bansilal

Through this we can know that the number of people searching for the Quran is increasing. Will we create an opportunity to give where we live, in town?

Come on brothers! Set up a dawa stall based on your muhalla/Masjid! It may help many people likeBansilals who are looking for **Qur'an.** Inshah Allah!.

5. A verse from the Qur'an warning 'Three Generations' if they do not follow the straight path!

We have tried to explain to few women of different ages who were interested in reading the Quran and approached us in the Dawa Stall to get it. They identified themselves as 'Christians'.

Then a question we have raised to them as "Do you know what the relationship between Muslims and Christians is? A middle-aged woman among them said, 'you please tell us'? then we have explained to them, Abraham-Ibrahim has two sons, one is Ishmael and the other one is Isaac, and Isaac's descendant are Moses and Jesus. Ishmael's descendant is **Prophet Muhammad (pbuh)**. Do you know Prophet Muhammad? They said, they knew.

If you have (read it) noticed in the New Testament and the Old Testament that it had already been foretold that the **last Prophet** will be born in the community of Ishmael. One who came from the tribe of Ishmael to fulfill that prediction was the last Prophet **Muhammad (pbuh)** and we explained that the **Quran** is the collection of verses given to the last **Prophet Muhammad** after he was chosen as the Messenger of God for a period of 23 years.

So, you have to keep two things in your mind, one is that **the last Prophet is Muhammad (pbuh)** and the other one is the **Quran**, the scripture given to him in the span of 23 years. This is the **last divine scripture.** No Prophet will come after this and No Scripture will come until the end of the world. You Christians should definitely read this Quran and must get clarity wherein it warns **Do not say "Trinity"** since your **God is one Only.**

Also we have compiled and simplified for Christians to understand the verses stated in Qur'an about Jesus and Mary. i.e. **Truths told in Quran about Jesus & Mary.**

When you read this book, you will be cleared the misconception and misleading & contradictory information you had it in earlier religious scriptures.

We have further added that we cannot be careless in religion saying that we have just followed our Parents and forefathers because it is our duty to find out the truth. The reason is that there is a verse in the Quran

And they will say, "Our Lord, indeed we obeyed our masters and our dignitaries, and they led us astray from the [right] way.

Our Lord, give them double the punishment and curse them with a great curse." ***Quran 33:67-68***

God will put people in **Hell** who do not accept the **only God and His messenger.** Then the people who will be in Hell

will accuse their parents and religious leaders and say what is mentioned in the above verses, which means you will betray your parents, your children will betray you.

We politely explained to them (seeing them listen to us patiently for a long time) and emphasized to them that not only do we need to read and know the truth, but we are also forced to analyze it and make a decision because we need to realize that we are not sent to live ever in this world but as a passer by.

They were Thanking for the detailed explanation and said they will read the Quran and the book to take it further.

Ya Allah! Guide those three generations and their dependents to the straightpath!

May Allah bless in both Worlds those who have helped to put up a dawa stall in the exhibition to convey the message to the seekers.

6. A boy, Kannan reached us looking for 'Bhagavad Gita'

The parents who came with two children, pointed to the boy named Kannan, who has been asking that he wants to read the 'Bhagavad Gita' for a long time, Sir! Give him one Sir! (by looking at our book stall they thought we are distributing Baghvad Gita)! that mother said!

We said politely, we are not distributing 'Bhagavad Gita' here but **Quran** only. By hearing it, mother tried to pull the shirt of the Boy to go back. We said to her, no issue madam, since he is interested to read books, we will explain to him about Quran and the principle it exhibit for the humanity, let him hear and learn from it. In some other shop you try to get him a 'Bhagavad Gita" and let him read that also, so that he can able to analyse and follow the truth. Convinced with this statement, the mother hesitantly came near to us with two boys and her husband.

When we explained it to them in a way that they could understand clearly about **believing in One God** who created the entire Universe and **Prophet Muhammad (pbuh)** as a Last Prophet who guides as per commandment of God how to live on the earth; when we follow these two (Quran & Prophet's guidance) we will enter heaven and if we deny and live as per

our whims and fancies we will enter Hell after our death.

After hearing these explanations patiently they too happily removed their hesitation and went away with the **"Quran"** and a book **"One God? or Many gods?"** with smiling faces.

All praises to Allah who gave the opportunity for a boy & his family to understand the **message of the Qur'an** who actually searched for the Bhagavad Gita. This shows clearly that whomsoever Allah wants to guide none can deny it.

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!** Similarly, give the **opportunity and unlimited financial assistance to serve the people continuously! opportunity and unlimited financial assistance to serve the people continuously!**

7. Brahmin Women and the Rig Veda

Two middle-aged **Brahmin women** who came to get the **Quran** were very solemn and with their sandals off. We asked a question to them as, do you know anything **about** the **Quran?** When we randomly asked, one of them replied spontaneously "Oh, yes, this is a "Rig Veda" and it is very blessed one, she said. I have been thinking of buying and reading it for a long time. She added. Then we explained about Monotheism, Messengership (Prophethood), and the 'life after death' (Hereafter). **The Qur'an is the last holy scripture that emphasizes the believe of Oneness of God as in the "doctrine" of the Rig Veda!.**

You are right when you are saying that it is essential that everyone on this earth should read Qur'an, the last holy book and as we are reiterating it to them, they said **Yes! Yes, even we too have that interest for quite some time now!**

Ya Allah! Show them the right path who are more interested to read and gain the knowledge about you and your Deen.

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!**

8. 11-year-old Vishnuvardhan argues with his mother that there is 'no God'

An 11-year-old boy who heard the sound of **"Free Quran"** brought his mother to our stall, seeing his passion, we asked, what brother? Are you interested in reading the Quran ? He said, yes. When we try to explain to the boy certain basics about Islamic principle, the mother of that boy did not want us to do that. She immediately intervened by saying, 'Dad will scold' if you bring any Islamic book or Quran. However, the boy was adamant and showed interest to hear from us and insisted, uncle, you tell me, you tell me, the mother immediately said to him loudly, "Islam and Christianity are all branches of Hinduism (like this only mother has limiting him to get to know the truth) and pulled him to go back.

Finally we were unable to explain anything to the boy because of his mother.

Considering the situation, since the boy was so much enthusiastic, we gave him a book **"One God? Or Many gods?"** and told him to read the book so that he can get to know the clarity on **'concept of God'!** He has agreed to do that and took the book.

Then we turned to the mother and said, **You are forcibly preventing the boy to get to know the truth and insisting him to believe on false information. Mind you, this way leads him to "denial of God" after some time.**

By hearing this, the mother said, he is already saying 'There is no God' at home. We said to her, "It is because of you", he is an intelligent kid, if you prevent him from having true knowledge, after sometime because of accumulated unanswered questions and doubts, he would turn as an Atheist. So, You are doing more evils than good by forcing him to prevent from right knowledge. But certainly soon he will realize the truth in a very short time, by the will of God

In the meantime, we told the boy to read the book **(One God? or Many gods?)** He - **Vishnuvardhan** said, **sure uncle, goodbye and left.**

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!**

9. What is the condition of the elder people who do not understand anything, cannot read at all? How will the **Islamic** policy i.e. the **Monotheism** go to them - asked **Arvind!**

Arvind along with his other two friends were listening very deeply and attentively to our explanation about the **principle of Islam** in a very, very detailed manner, and we have reiterated to them as God says in Qur'an, by following it only one can go to **Heaven,.** The minimum standard (criteria) of worshiping the **only one God without adulteration** will take any one to heaven.

Sir, so clearly, you have spent so much time in explaining Islamic principle. We are well-educated, inquisitive so understood as you have explained. But what is the condition of the old people who can't understand deeply, can't even read? How will this information of Monotheistic believe reaches them?

Whether they live in a hut or a tower building, whether they are educated or laymen, poor or rich, none of them will die without having or hearing one **God principle.** It is the promise of the creator. It is the Creator's job to bring the message of God to them in any way according to their nature

and condition. None of them die without going through it.

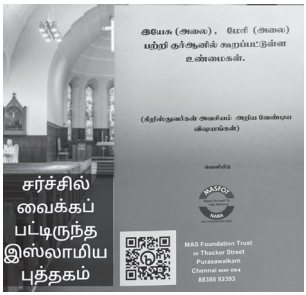

Just for a test, ask any layman, an old, either a man or a woman who has never studied, Is it One God who created all of us or different or multiple gods? All will testifies you as **"One God"** without any doubt.

The question is **Do they follow through on what they say?** That is the **question for them as well as for you?**

You have very clearly and categorically answered all our questions, **we will surely go through the Quran and certainly soon will adopt to the true path.** Aravind and his friends acknowledged the fact and said goodbye...

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!**

10. An Islamic book kept in the Church and founded by Susheela....

We were returning from the airport with a friend when we got a phone call!

Sir! Is this MAS foundation? Yes ma'am, tell me... I saw your number in a book. Ok madam, which book? **Truths told in the Qur'an about Jesus and Mary!** OK madam, tell me! I want a **Quran**. Ok madam, where are you?, she said her location, "Okay, madam, send me your address thru WhatsApp and, we will bring it."

Aftet sometime when we went with the **Qur'an** to give it to her, we casually asked her, where did you get that book? **(Truths told in the Qur'an about Jesus & Mary?** Hearing that question, what she said really surprised us. I usually go to a **Church** in **Egmore** and in that **Church** I have found this **Book** which was kept along with other books which caught my attention and I brought it to my home. Usually we have two options, either just sit there and study or to bring it home to study.

Our memory was rewinding, How did this book went inside the **Church?** While thinking deeply on it, at the end we got a click that, last October, a **Quranic Exhibition** was held at **Egmore** Community Hall. just opposite to that

Church where the fair was held. All the **Pastors, Fathers and Administrators** of that **Church** were invited as special guests.

When they came and looked around inside the exhibition and took few books in which the said book **(Truths told in Quran about Jesus and Mary)** wad included. So, as we recalled in our memory **that book** took by the Admistrator of the Church must have kept inside the **Church**. We thanked **Allah.**

Through that one book, Susheela had an opportunity to read the Qur'an today; **Secondly,** we can **directly give this book to every Church Insha Allah!** May Allah bless that!

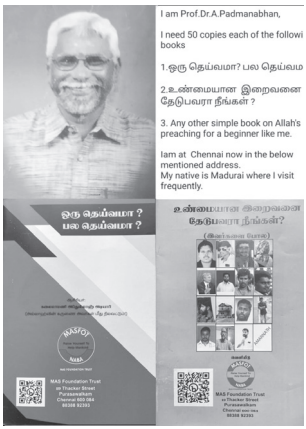

May Allah give Hidayath to the Church Administrators who placed that book in Church! and Susheela and the people related to her

Brothers! A great book - **Truths told in Quran about Jesus & Mary** - to gift to your Christian friends to guide them if Allah wills!

Its in following languages.

In Tamil, English, Hindi and Bengali.

11. Need 50 books of "One God? or Many gods? Sir!" - Prof. Padmanabhan'

At noon in Pondicherry, when I was thinking of going for a nap, the phone started ringing, Sir! on the other end! **Is this MAS Foundation?** said a voice! Yes sir, tell me... Last week we went to the exhibition in the island. Ok sir! Then they gave me a Quran as a gift. Along with that, they gave me a book, named **One God? or Many gods? I came home and read it Sir!** OK, **I was very much impressed with its content Sir** I was very moved when I saw how clearly the author **explained God's principles!** The impact of the book could be seen in his voice, I have noticed it.

I have a request Sir! Tell me! Sir! Can I get **50 of this bookS as a gift from your Foundation? I wanted to give it to all my relatives,** he showed his interest.

Sir! Basically I'm a professor! I have retired, I am 71 years old, my hometown is near Tiruchendur, but in Madurai, I worked in Yadava College and settled over there Sir! My house is there and I am currently at my daughter's house in Chennai. I visit Madurai once a month.

Sir, I think that this truth must be shared with all those

who are seeking to know the 'concept of God'. Hope you can give me the book Sir? Along with that, I am also looking for the book **Are you a seeker of the True God?** That book also needs 50 copies Sir, asked Prof. Padmanabhan. Ok Sir! No problem! Where are you placed in Chennai? I'm in Mugapper area Sir! OK send your address and other details on WhatsApp! The talk ended by saying that we will bring the books you need and give it to in person. The WhatsApp message arrived immediately without delay.

Three days later we went to meet Professor with the books he had asked for. He was very happy to welcome me.

As he was interested in knowing the commandments of Allah and asked for small books, we also gave them four monthly magazines of **The Holy Quran Narseidhi Malar.**

After a long exchange of ideas, the conversation turned to the Quran he had brought. Taught him how to read by title, pages, chapter & comment etc. He said that he will definitely contact me for any questions that arise while studying the Quran. **He promised to bring the books that he had taken to the family.** We also took our leave.

Ya Allah! Guide him and his family to whom he has vowed to carry the principle of Monotheism! May Allah guide them to true path!

12.The statement (Prophet Muhammad's saying) found in the 'Autoricksha' touches the heart of Shanthi....

About 45 years old Shanthi stood in front of us at the exhibition stall listening to the slogan of **"Free Quran"! Free Quran"!**

Yeah mam, are you looking for Quran ? She immediately responded stating that Whenever an Autoricksha passes through her with the text of **Nabigal Nayaham's (Prophet Muhammad's)** saying, I burst into tears, we asked; Which kind of text? Then she said the saying's like;

"Do not kiss your children in front of an orphan child" - Prophet Muhammad The way she was narrated with emotion, believe me, even we have burst into 'tears'.

Likewise there are many (sayings)!

"He who eats alone when his neighbor is hungry is not one of us" - Prophet Muhammad. Pay the worker his wages before his sweat dries up – Prophet Muhammad

While reading all these **verses** in a crossing **autorickshas** every now and then in the day to day life there was an indescribable impact happens in my mind & heart, Shanthi gave a self-explanatory statement.

Look mam, if few of these Prophet's sayings making so much impact on you means, imagine, this **Quran** is a

collection of **23 years of God's commandments through Prophet Muhammad (pbuh)** for us to follow in our day to day life and how this would be? when we have mentioned it to her, she was surprised by saying, Is it Sir? Then give me a copy of Quran, I will sure read as I am a vivid reader too, she has acknowledged herself.

She has spent a lot of time and asking many questions one after another, as we are clarifying one by one she was patiently listened to everything with curiosity.

Finally, we gave her **Qur'an** Translation, and a book named **'One God or Many gods?'** and also another books titled **Are you a seeker of True God?**

Along with the books, she took our phone number and told us to contact for any further clarification she may require.

Shanti said goodbye as she got a chance to know **a lot of things about Islam, Quran & Prophet Muhammad** today!

Ya Allah! Guide Shanthi to the straight path!

May Allah bless those who created such an opportunity, especially those who have started the text on **autoricksha's,** and those who continue to carry it forward! Insha Allah.

Brothers! Countless SHANTHIS are around us... Come forward to explain. Be a driving force for the right guidance of those who seek the Truth...

Make it easy for everyone to work in this Dawa field, Ya Allah!

13. Ration Shop Saravanan's Search for Quran!

A relief camp (after a heavy flood) were set up in front of a Ration Shop in Chennai by Tamil Nadu Government, India. We drove our scooter towards the relief camp which has a sticker on it saying **"for Free Quran"** contact this number!. By noticing the sticker from a distance the relief camp officer Saravanan asked, **Sir! "Can I have a Quran copy?"**

We said, If you send a WhatsApp message to this number with your address, they will send you a **Quran,** immediately he started noting the number from a distance.

How did you get interest in **reading Quran** Sir? Out of curiosity we asked, Yeah Sir, one of my friends said that **"Jesus" name is mentioned in the Qur'an,** so, I would like look into it, he responded. "Are you a Christian, Sir?" We asked him. He said 'yes'. Then we said, It is true Sir, that Jesus (pbuh) and Mary (pbuh) have been mentioned very clearly in the Qur'an.

Will you be in the same place tomorrow Sir? If so, I will bring you a book called **"Truths told in the Quran about Jesus and Mary",** in that book you will have all the verses about them from the Qur'an, compiled together; It will be very helpful for you.

I will be here, then, let's meet you tomorrow to hand over the book, he has agreed to it and he introduced his name as Saravanan. (By hearing his name as Saravanan..., we could understand that since Saravanan name itself a Hindu name which means he had already converted from Hinduism to Christianity).

The next day we brought the same book **"Truths told in the Quran about Jesus and Mary!",** Sir, read it, if you need any more explanation, our number is here, call that number and then we walked away.

There was another person sitting next to Saravanan, since he is an Hindu by his appearances, we handed over to him **One God? or Many gods?** As we were leaving, we have noticed that Saravanan immediately opened the, book and started reading it

"Ya Allah! guide him to the right path".

Important fact to note is; How a ordinary **scooter sticker** shows the way to one (Saravanan) to realize the truth, similarly **many Saravananas** are around us in daily life looking for a way out towards searching for a true God's to worship

These kind of incidents pushes us to involve ourselves in Dawa in a bigger and broader perspective.

Come forward **Brothers!** Act as a driving force to bring the **message of Monotheism to the people.**

God bless...

14. 'Sanduru', an Atheist met in a Train

Met in a train journey 26 years old Sanduru who was seated the opposite side. His friend Ganesh came from the next compartment to see him. As the two were friends, Ganesh called Sanduru saying that he had a place in his compartment. Since both were young and about to move on to the next compartment, as a dayee, having an instinct, that I should not miss this opportunity, pulled a card with QR Code of the book **One God? or Many gods?** and showed it to Sanduru by saying, you can scan this QR Code and can read the book later to have **clarity in the principle of God** in a nutshell.

Sir **I do not belief in God,** Said Sanduru.

Normallay, people have a lot of unanswered questions only became an Atheist and mostly these people are very intelligent personalities, I responded spontaneously. How Sir? ,**you touched the correct Point** said Sanduru.

Especially people like you we have a book named **"Does God exist? Will He show up?"** which will clear all your doubts and accumulated unanswered questions. Actually this book is compiled from **Quran** . Not only that, mind you Sanduru, only **Qur'an alone** you can get answers to all your questions and doubts, He immediayely gave his phone number saying **"please send me the pdf file of the book** Sir, Sanduru become very curious now.

Sir, how lucky am I?,, I am actually looking for a Quran to read it for sometime now, is it available? Can I have one from you?. That can be arranged for you Sanduru, I affirmed. How the **Qur'an** would answer to the 'deniers of God' means, when the **Quran** was **revealed to Prophet Muhammad (pbuh)** around 1,450 years ago,, there were **six types** of people living in that place (present-day Saudi Arabia). respectively;

1) Jews 2) Christians they came from different parts of the world to Madina awaiting the Last Prophet who was foretold in Old & New Testament who will come from this area - Arab Land. **3) Fire Worshippers** as God **4) Polytheist-** People who worship Many idols as gods **5) Athiest** people who say "there is no God" **6) Monotheism**- people who worship "one God"

And **"Qur'an"** will give a direct answer to all these **six types of people,** so if you read the Quran for sure all your doubts will be cleared and give enough evidences that 'there is only one God', so read the Quran. Thank you very much Sir for your detailed explanation and I will surely get the Quran to read it. - Sanduru

Ya Allah, guide Sanduru to straight path!

Innumerable Shandurs are roaming among us in search of the meaning of worldly life without speaking out. We must accelerate Da'wah as it is our duty to take it to them, Brothers!

Don't wait for anyone, let's talk to the people who meet us everyday about oneness of God, Prophethood and Life after death.

15. Shalini searched for "Malayalam Quran"

Shalini came to us and requested us to give a Tamil Quran and also a Malayalam Quran for her mother. She has mentioned that many Muslim girls were studied with her and she is currently working at the airport.

At kerala her house was surrounded by many Muslim family and aware about Muslims culture etc..

Since she said, she is a Christian, we asked a question whether she know how Muslims & Christians are connected? She replied, not much!

We told her that Prophet Abraham got two sons, Ishmael and Isaac. Moses and Jesus were the descendants of Isaac and Prophet Muhammad was the descendant of Ishmael. She said, 'Yes, I have heard this'. In the Old Testament and in the New Testament it was foretold that the last messenger would appear in the community of Ishmael. To complete the Prophethood, the **last messenger sent by God was 'Prophet Muhammad',** he was chosen as Prophet at his 40th years and in his 23-year-long life of Prophethood period, the Last Testament, **The Quran** was revealed to him part by part and he has passed when he was 63 years old.

Then when we told Shalini that **Jesus (pbuh) and Mary (pvuh)** are mentioned in this Qur'an, she was surprised with that and asked, **"Is it true?"**

We said to her that we know nothing about Jesus and his mother Mary, except what God has told us in the Qur'an. We also highlighted that the **Qur'an warns** the Christians not to say **"Trinity"**(“God is three”)

In order to make it easier for Christians like you, we have taken only those verses mentioned in the Qur'an about Jesus and Mary and prepared them in a book called **Truths told in the Qur'an about Jesus and Mary** in Tamil as well as English. If you read this, you will be able to easily understand that the concept of **'Trinity' is wrong** which you may believed in so far. She took the books and Quran and affirmed us that she would read and take it further in her life.

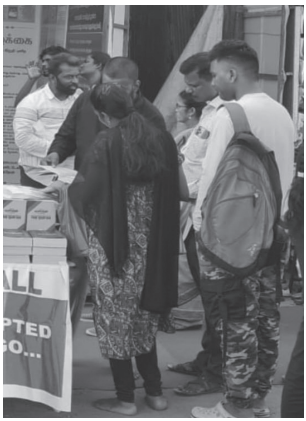

May Allah guide Shalini and her family to the right path!

May Allah bless the people who spawned in the island for this opportunity to convey the messageof Islam to the visitors of Exhibition!

What a variety of people?, how enthusiastic each and every one? Without us coming forward to share the truth, **who will bring the truth to these people?** We are still living in vain.

We should all come forward for a **Non Stop Dawa** Brothers!. Ya Allah! Help us!

16."13-Year-Old Vikram Who Seeks "Allah"!.

A group comprises of a boy and five Ladies came and asked, 'We want **Quran? '. "Did you search for the Quran?" or just asking by seeing a 'Free Quran' board?** When I asked this question, a lady who was in the front said, no this is **'Vikram', he is 13 years old and he is very interested in reading books, he is the one who asked for "Qur'an"** By hearing this I put my hand around the shoulder of Vikram asked, **'What brother? How did you get interest in reading the Quran? Has anyone told you about it?** When we asked, spontaneously his response was, **"No, I want to know about "ALLAH"** His statement made me to hug him with my both hands because of his interest to know **"ALLAH".** Alhamdulillah!

We congratulated him for his 'reading habit' since it is a very bravery activity at this young age.

Look Vikram, **Quran** was revealed to the last **Prophet Muhammad** (pbuh) in his '23 years Prophethood life'. He was chosen as Prophet at the age of 40 and at 63 Prophet Muhammad passed away. Quranic language is Arabic. The word **" Allah"** in **Arabic** means the **only Gods** who created the entire universe.

To put it simply, **"Allah"** is the Arabic word for the **Only God** who created us all, its not a separate God for Muslims. When we said this information to the Vikram, he was very surprised and said **'Really'** his face lit up.

And if you ask, why do Muslims around the world anonymously uses the Arabic name of **ALLAH** instead of their own language means, only this word would represent **Monotheistic believe** (only God for the Universe) and if you uses any other language it cannot represent.

Imagine, you being Tamilian, take a Mike and shout "Kadavule" (கடவுளே) towards this exhibition crowd, everyone would turn back but imagination of the god whatever their parents/forefathers taught them only come in to their mind, not a single God anonymously. The same applies to, if you shout at in English as **"God"** as well. But if you shout in Arabic as **"ALLAH",** no imaginary picture would come into mind. So some one either an American hears it or an African hears it or even a local guy hears it, the Arabic word **ALLAH** represent **"the only God"** for the entire universe.

With the above and some more explanations to them, we handed them over an **English Quran,** and the book **"One God? or Many gods?"** to Vikram, and additionally a Tamil Quran to Vikram's mother along with the Tamil version of **"One God? or Many gods?"** and they have happily acknowledged and they left. . While leaving, we have mentioned to Vikram's mother that your son is an 'intelligent student', he will soon find out the truth, listen to him and follow him.

We cane to know that three out of the five women who had accompanied together were Christians who lived next to Vikram's house (they came together to the exhibition). Seeing them standing alone with a little distance, we have called them and give them the book **Truths told in the Qur'an about Jesus and Mary.** This book compiled separetely the verses about Jesus and Mary mentioned in Quran You people are aware some messages and principles of God in the New Testament and the Old Testament, but the Qur'an clearly mentions the truths comprehensively in a few verses, so you please take and read this. They have collected the book along with Quran and left.

All praises to **Allah** who brought the good news to Vikram, his mother and the neighboring Christians.

May Allah bless those who gave this opportunity to get the message across to those came for the exhibition!

Ya Allah! Give these people guidance!

There more young boys like vikram **"Seeking Allah" in your muhallas (areas) too!** You by reading this should come forward to help them Brothers!

17. How can this be possible only for that "Muslim Brother"? Surprised Vinod!

A 50-year-old person who came to us looking for Quran. As usual, we have asked, Does he know anything about **Quran?**

To tell the truth Sir, I knew nothing about it! I am a Christian, my neighbor is a Hindu, there is often a fight about something between us, whenever there is a fight a **'Muslim Brother' who is residing few houses away from us will come and make peace between us ;** For What we are fighting? Who's Right? He wouldn't see all that, he would have calmed us down by saying *stop fighting, forgive, forgo and live peacefully, . We are all equally same people, maintain brotherhood! etc. this is how he console us every time.

Once during the fight between myself and the Hindu guy, I became furious and start hitting the Hindu guy and when this "Muslim Brother" came in between to console us as usual, I had slapped him Sir!, even after that, he didn't reacted furiously on me instead calmly he said, you should not loose your control like this for no reason and left. I was in great agony, embarrassment and unspeakable grief when I realised my mistake towards him.

His incredible patience, sense of peace, and gentleness have always left a deep impression on me. **How can this be possible for that "Muslim Brother"?** His extra ordinary behaviour made me stand in front of you **to read the Scripture**

and follow the Religion he belongs to. He said, **Patience, Hormony, Brotherhood, not getting angry, and all these virtues are the basic principle that the God who created us stipulated for us to follow in the Quran** and the **guidance of Prophet Muhammad (pbuh).**

That is what the **'Muslim Brother'** near your house **follows wholeheartedly.** May God give him the full rewards who have exhibited a perfect follower of God's commandment. Having said the above, we have quoted few other examples from the **Quran and Prophet's guidance**. He listened calmly and said, "I have reduced my anger now, Sir!" Will definitely read this Quran! He concluded. Since he was a Christian, we also explained to him about Jesus and Mary (peace be upon him) and gave him a book called **Truths told in Quran about Jesus and Mary.** How **the patience and hormony exhibited by a Muslim Brother** has drawn a fellow human being towards **Qur'an .**

We can come to know that the number of people searching for the **Qur'an** is increasing, let's create an opportunity in the place where we live with a **Dawa Table,** near the **Masjid** in our town!

Not only that,

Let us take the above incident as an example that if we live the life the way "Qur'an" says, its impact will make the people living around us towards **ISLAM** certainly Insha Allah. Come on Brothers! Set up a Dawa Stall! It may help **many Vinods who are looking for Quran** Insha Allah!

18. Interactions with Women Police.

Carrying a copy of **Quran** each by two women police came to us saying, we have Muslim friends in our Department and they used to convey messages from **Quran** time to time that impresses us a lot, that's why we have picked up a Quran to read by ourselves, echoed both of them simultaneously. We would like to hear from you certain basics about Islamic believe, Prophet Muhammad etc., they said further.

Very happy to receive you Sisters. Let's start with a **simple smart question** to both of you: Here you go! In this society in which we live, there are people from different communities such as **Hindus, Christians and Muslims etc.;** Is it the **same God who created us all? or different gods?** Before finishing the question, both of them together spontaneously said, **"There is only one God for all, Sir!"** Before I finish the question, you said **one God for all!**

So what does that mean; ***Your mouth speaks of 'One God', Your heart agrees with 'One God',** but **your actions** are not in accordance to it.

But **Muslims** are those who **wholeheartedly worship the same God** not only with **Mouth and Heart** but also in **Actions.**

They were very surprised with this explanation and said, **"You have told us a very important message very clearly in a minute Sir!"**

Both of them patiently asked for more explanations and we have taken time to clarify it one by one.

Before they finally saying goodbye to us, we have handed over a book namely; **One God? or Many gods?** in Tamil, and informed them that this book will clearly explain the ' **concept God'** based on the **Qur'an** . We have also given a phone number so that you can contact us if you have any further queries/clarification.

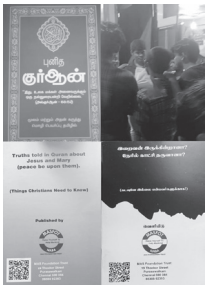

Thank you very much Sir for your great explanation and said goodbye saying we will definitely call you.

Ya Alkah, show them the right path!

Establish a Da'wah Stall in places wherever you belong. Through this, make yourself and your muhallas, a driving force for countless people to get clarity on the principles of God.

Come on Brothers!

19. Please talk to my son 'Karl Marx who is an Atheist', introduced by a Mother.

Let me sit over here (near our Stall) for a while, said an old mother and we have provided a chair for her easiness and handed her a book titled **"One God? or Many gods?" in 'Tamil' language** and asked her to flip few pages while taking rest.

As she was going through the book she called me and said my son will come now, his name is 'Karl Marks' and he doesn't believe in God, could you please talk to him? I said, OK.

After a while, a young man named 'Karl Marx' arrived with his wife and young children. We made them comfortable to sit in chairs and started interacting with 'Karl Marks'.

We said, 'You must be an intelligent personality' as your mother said, you are an Atheist and doesn't believe in God at all. He gave a smile as a response to my statement and we have proceeded further.

Generally people who can think about the Universe and its functions, good things, bad things, atrocities towards poor & weaker etc.and started thinking about multiplication of gods people believe in and the stories behind each god, why are we born in this world?, why do we live? and all of a sudden without any prior notice we passes away from this world etc. etc. He who have these kind of questions revolves regularly in mind and in the absence of not having a definite and authenticate answers, one becomes an **Atheist** . It is actually

their 'intelligence' they are looking for a purpose for their existence on the earth but not having an answer making them as an **Atheist.** The fact that clear answers to their questions are not available as an evidence leads to the state of 'non-belief in God!',

How Sir? You said it so easily. Karl Marks wondered with our direct approach as how one become an Atheist?

Only the **Quran** can give you a clarity of all the questions you may accumulated over a period so far and for which you should immediately read the **Quran .**

In addition to it we have extracted few hundred verses from **Quran** for answers and evidences especially for people who are denying God and compiled it in a book Namely;

Does God exist? Will He show up?

And fewer people like you who were in search of evidences and proofs for the existence of God, finally how they have found it out the truth. Their personal testimony we have gathered in a book Namely;

Are you also a seeker of True God?

Surely I will read all these **books** as well as **Quran** Sir? Karl Marx said goodbye saying he will contact for any further clarification.

Ya Allah! Guide Karl Marx and his family to the straight path!

All praise be to Allah who gave us this opportunity in the exhibition to convey the message of Allah. May Allah bless us all!

20. Vijayaraghavan's daughter and granddaughters are "Muslims"

A man (Vijayaraghavan) with Hindu cultural attire (with vibuthi on his forehead and Uttriratja garlands around his neck),came with his daughter and his grown-up grand daughters (muslims dress code) were in a contradictory attire between them.

The woman (Vijayaraghavan's daughter) said that she had fallen in love with a Muslim guy and she has reverted to Islam and currently following Islamic tradition of believing in **One God** and the guidance of **Prophet Muhammad** (pbuh).

And she further introduced that it is her father, Mr. Vijayaragavan. Realising the situation, we have simply said to Mr. Vijayaraghavan that all the Muslims you are seeing today either in India in general and Tamil Nadu in particular, all their ancestors/forefathers were idiolaterers means worshipped stones, trees, animals as gods and when they were told that the entire universe is created by one God and we must worship Him alone without associating any partner to Him, those ancestors/idiolaterers realizing the fact that they have changed their believe to One God alone and their descendants only whom you are seeing today as Muslims.

Therefore, today through your daughter and grand daughters you are exposed to the concept of knowing Only God for the entire Universe and whom alone we all must be worshipped.

You read this **Quran**. Accept what your daughter, son-in-law and granddaughter say and accept what your heart approves as a principle.

I will definitely read the **Quran Sir**, And also the book you gave **One God? or Many gods?**.Vijayaraghavan affirmed.

The daughter and grand daughters of vijayaraghavan's were very happy and they said goodbye with tears in their eyes, thanking Allah for what we had explained directly and clearly that he should accept **Islam**.

O Allah, guide Vijayaraghavan to the right path!.

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!**

21. Holy Redeemer's Teacher and the Quran sought by her to be placed in the school for 'reference'

Are you giving away the **Quran** free? Mother and daughter came together and asked this question! Yes! Do you know anything about the **Quran?** We have tried to explain it to them.

She said that she is working as a teacher at Holy Redeemer's School, and she had the idea to bringing this **Quran** for Muslim students to read at the School. We said, its an excellent idea!

Before that, as they are Christians, we have explained it to them that the **Qur'an is the Last book of scriptures from God** and He commands us all to follow it. So we said, take this **Quran and read it by yourself** first and then you can give it to the school. She took it with interest and said that his daughter is studying in Chennai college. She would like to get an **English Qur'an** if possible. We also gave her an English translation of the Quran and also gave **Tamil and English versions of the book "Truths told in Quran about Jesus and Mary".**

Ya Allah! Show them the right path!

Ya Allah! Our Lord! Show the right path to these people who come and listen to your message!

22. Does it mean that we have worshipped till now wrong gods as God? Asked, 16 years old 'Ganesh'!

Some 15-16-year-old youths came together as a group, and we were clearly explaining the basic **principle of God** to them.

Who is the God we should worship? Since the creation of the Universe, God has been continuously telling mankind **Three Main commandments. The 'first commandment' is to worship only the God who created the entire Universe!** But In practice, Most of the people worship what our parents told us as god, then there are around 800 crores (8000 millions) people in the world, If each and every one's parents have told them that he or she should worship as per their wish, god will be in Crores (Millions).

But when you ask generally to people across different faith, are we all created by One God? or multiple gods?, anonymously every one declares spontaneously One God?

NOW, the question arise who is that One God?

For which, the **Qur'an** clearly tells **Four attributes of God.** The Four attributes are;

1.Say, "He is Allāh, [who is] One,

2. Allāh, the Eternal Refuge.

3. He neither begets nor is born,

4. Nor is there to Him any equivalent." ***Quran 112:1-4***

Whoever has befits with these four characteristics is the God we all should worship. The boys were very attentive and listening to it with great interest.

Once they have got a crystal clear answer for the ' concept of God,' the youths were peppered with different questions in their own style.

After getting few satisfying answers to their questions, while all were about to leave, Ganesh came from behind us and asked a question. that.

Sir, **Does it mean that we have worshipped till now wrong gods as God?**

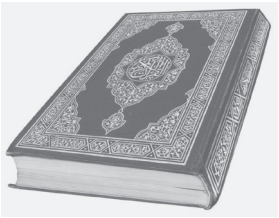

Yes. If there is only one God for everyone in the world, then the conclusion would be like this and incline them immediately to accept the truth. We congratulated Ganesh for his grasping power followed by his quicker conclusion.

We gave the book **One God? or Many gods?** & Quran and told them to call whenever they have any questions or need an explanation. Ganesh & Others said goodbye happily and left.

Ya Allah! Show the right path to all these youths who voluntarily came and get it clarified the **'concept of God!'**

Ya Allah! Our Lord! Show the right path to **these people who come and listen to the message!**

23. The change brought in a House by a 'gifted copy of Qur'an'

After finishing the cooking and sending the husband to office & kid to school, the lady sat down in a chair at home to relax. The seated lady found a thick book on the table and took it to Flips over.

While reading it, some things make sense to her while few things she could not grasp it then she closes it. After some time the curiosity pushes her and she opens it again, it happens the same (some things make sense to her while few things she could not grasp it). Similarly, the days pass by, weeks pass by and months pass by then **she got the following things clear to her mind.**

1. **What we worship as gods is not a True God.**
2. **We are certainly in wrong ideology.**
3. **We should worship the Only true God who has created the entire Universe.**
4. **We must adhere and follow the Do's and Dont's as stipulated by God alone.**
5. **There is a life after we die. There is heaven and hell. Heaven can be reached only by following God's command. With our current state of living, it would certainly lead to hell only.**

The lady who felt the above is around 30 years old and she has a child.

This is what happened in her house.

The book she read is a **Quran** and it was received as a gift from somewhere by her husband. The husband who brought the Quran to home leaves it on the table like normally we do.

Next day when the husband went to office and the kid to school, the lady who sat to relax on chair got the attention of this thick book **(Quran)** on the table. The lady who used to read the Qur'an continuously every day eventually decides to **convert to Islam**. But The husband who brought it as a gift didnt get the chance to read it.

Now the lady who has a clear understanding of the truth from **Quran** told her husband that she should **accept Islam** immediately. The principle that she studied in **Quran** has stressed her persistently to embraces Islam with her child. Later her life was filled with many good changes. Alhamdulillah.

Take Allah's scriptures to the people. It is our duty to initiate it. The Quran will do the rest (By the Will of Allah) **Brothers!**

The above event is a witness that Allah guides whomever He wills.

How a **freely gifted Qur'an** made such changes to one's life. In our place it is our duty to convey the message of Allah **to people either through free books or Quran.**

The question is, are we making such effort and creating such opportunity?

Come on Brothers! May Allah help us.

24. I Was Reading the Quran – I Found It Reading Me! - Dr. Jefry Lang

Dr. Jeffrey Lang is an Associate Professor of Mathematics at the University of Kansas, one of the biggest universities in the United States. He started his religious journey on Jan 30, 1954, when he was born in a Roman Catholic family in Bridgeport, Connecticut.

The first 18 years of his life were spent in Catholic schools, which left him with many unanswered questions.

Like most kids back in the late 60s and early 70s, I started questioning all the values that we had at those times, political, social and religious

I rebelled against all the institutions that society held sacred, including the Catholic Church.

BECOMING AN ATHEIST

By the time he reached the age of 18, Lang had become a full-fledged atheist.

"If there is a God, and He is all merciful and all loving, then why is there suffering on this earth?

Why does not He just take us to heaven? Why create all these people to suffer?"

Such were the questions that came up in his mind in those

days.

FINDING GOD IN ISLAM

As a young lecturer in mathematics at San Francisco University, Lang found his religion where God is finally a reality. That was shown to him by a few of the Muslim friends he had met at the university.

"We talked about religion. I asked them my questions, and I was really surprised by how carefully they had thought out their answers," Lang said.

Dr. Lang met Mahmoud Qandeel, a regal looking Saudi student who attracted the attention of the entire class the moment he walked in. When Lang asked a question about medical research, Qandeel answered the question in perfect English and with great self assurance. Everyone knew Qandeel – the mayor, the police chief and the common people.

Together the professor and the student went to all the glittering places where "there was no joy or happiness, only laughter."

Yet at the end, Qandeel surprisingly gave him a copy of the Quran and some books on Islam.

THE MATHEMATICIAN WHO CHALLENGED QURAN

Lang read the Quran on his own, found his way to the student-run prayer hall at the university, and basically surrendered without much struggle. He was conquered by the

Quran. The first two chapters are an account of that encounter and it is a fascinating one.

"Painters can make the eyes of a portrait appear to be following you from one place to another, but which author can write a scripture that anticipates your daily vicissitudes?…

Each night I would formulate questions and objections and somehow discover the answer the next day. It seemed that the author was reading my ideas and writing in the appropriate lines in time for my next reading. I have met myself in its pages…"

Lang performs the daily five-time prayers regularly and finds much spiritual satisfaction. He finds the Fajr (pre-dawn) prayer as one of the most beautiful and moving rituals in Islam.

To the question how he finds it so captivating when the recitation of the Quran is in Arabic, he responds:

"Why is a baby comforted by his mother's voice?"

SPIRITUAL GROWTH

He said reading the Quran gave him a great deal of comfort and strength in difficult times. From there, faith was a matter of practice for Lang's spiritual growth.

On the other hand, Lang pursued a career in mathematics. He received his master's and doctoral degrees from Purdue University. Lang said that he had always been fascinated by mathematics. "Math is logical. It consists of using facts and figures to find concrete answers," Lang said.

"That is the way my mind works, and it is frustrating when I deal with things that do not have concrete answers."

Having a mind that accepts ideas on their factual merit makes believing in a religion difficult because most religions require acceptance by faith. Islam appeals to man's reasoning."

As faculty advisor for the Muslim Student Association, Lang said he viewed himself as the liaison between the students and their universities. He gets approval from university authorities to hold Islamic lectures.

25. "Free Quran" Dawa Stalls & People's interest

1. A Passerby

Do you have BBA book Sir? My daughter is studying 3rd year BBA! Asked a passerby after seeing few books scattered on our **Dawa Table,** he must have thought that we are selling books.

We said to him, we don't sell any books and all the books here on the table is about "**God**" and His commandments for us to follow and it is free.

Oh I see! Is it like that?, No issue Sir, give me a book to read. We have given him **One God? or Many gods?** In Tamil and another person who came along with him also got the same book and both of them left happily.

2. Abdur Raheem

Next to our Dawa stall there was a snacks selling shop.

One who came to eat 'Vada pav' hesitantly tried to cross our stall! Casually Offered a free book while asking a question to him, did you know anything about Islam? Do you have any Muslim friend?

He said immediately, Yes Sir, His name is Abdur Raheem. Very good person Sir! He do not even spit on the road and he used to say that we should always be helpful to others in need

and not to backbite and disturb others unnecessarily etc.etc.

Also he is very quiet and very disciplined as well! He is very inspiring and "I like it very much Sir," he said. Then we said to him your friend Abdur Rahim's personal practices are the **Core Principle of ISLAM**

If his act impresses you then you should read this book **One God? Or Many gods?** to understand the **Concept of God.** He said, his second child name is Rupasree and she is a vivid reader and I will present this book to her, he added

We have suggested to him that he must read the book as well. He has agreed and took the book then moved.

3. Auto Driver

An Auto driver stopped his Auto near our stall and I have offered him a notice and immediately he said, his wife is a Muslim (probably 'love marriage') then we said, you must be aware of "Monotheistic believe (Believing in One God only)" in Islam and hope you are adhering to...He laughed.

Considering the situation he was in, we have explained to him the importance of worshipping the Creator of the Universe. And for him the opportunity of accepting the fact (oneness of God) came through via his marriage, so he should not take it lightly instead he must take **"Concept of God "** seriously, we have reiterated.

We gave him **One God? Or Many gods?** book in Tamil and asked him to read so that he can be in line with his wife
